Advertisement for the post of JRF in a DST-SERB-funded Research Project

Online Applications are invited from motivated and eligible candidates for the position of a Junior Research Fellow (JRF) in a research project entitled "Investigations of Flow and Bed Morphology in Steep Mountain Streams" sponsored by Science and Engineering Research Board (SERB), Government of India. Selected candidate will be involved in the data collection, analysis and experimental study of steep mountain channels. This research aims to establish a better understanding of the channel stability and morphology of steep mountain streams, and the effect on ecological communities.

Duration: Initial appointment **(ON PURELY TEMPORARY BASIS)** is for one year, which is extendable by two more years based on the performance. Selected candidate will be encouraged to get admitted into the PhD Programme under the sanctioned project as per the Institute norms.

Emoluments: (Rs. 31,000 + HRA) per month for the first two years and (Rs. 35,000 + HRA) for the third year.

Essential Qualification:

First class MTech. in Water Resource Engineering/Masters in Soil and Agricultural Sciences/ Remote Sensing and GIS. The candidate should have a valid score in GATE/UGC/CSIR-NET exam.

Desirable: Experimental experience related to Hydraulic engineering and allied branches, is desirable. One quality research publication and good academic credentials are desirable.

Age: 28 years as on the date of selection, and relaxation as per DST-SERB and Government of India norms.

LAST DATE OF SUBMISSION OF ONLINE APPLICATION IS 15.08.2022.

Last date of applications to be sent till 15.08.2022. Candidates need to mail their documents (in a single pdf file) along with the application form to patelm@nitj.ac.in mentioning: "APPLICATION FOR THE POST of JRF under DST-SERB project, Department of Civil Engineering" in the subject.

NOTE: Shortlisted candidates are required to bring original documents along with them at the time of interview.
