While the University has a unique socio-economic position in the country, we believe that a time has come to establish a world class start-up ecosystem to promote entrepreneurship among youth in general and women in particular.

*To achieve this objective, the University has evolved a unique Agri-entrepreneurship program to utilise agrarian systems & structures, utilise indigenous and global scientific knowledge and technologies to nurture highly scalable Ag-Tech entrepreneurs in the Country.*

While emphasizing the need for RVSKVV style experience-based comprehensive education more than ever before, new world order brought about by globalisation and liberalisation of economy and the emphasis on ‘Make in India’ and ‘Start up India’ have revolutionised the knowledge assimilation and its utilisation for the betterment of mankind necessitating paradigm shifts in certain aspects. The University which has been responsive to socio-economic needs of farmers and Agri practitioners, the cradle of many innovative ideas in agriculture research and education, has been in the process of re-inventing and re-defining itself for the next 10-15 years and beyond.
