

(An Autonomous Institute of the Department of Biotechnology, Govt. of India)
NCR Biotech Science Cluster, 3rd Milestone, Faridabad – Gurugram Expressway, P.O. Box No. 04, Faridabad - 121001

Recruitment Notice No THS/RN/09/2023

Dated: 25th February 2023

Applications/Nominations are invited for the post of Dean, THSTI

- a)** Translational Health Science and Technology Institute (THSTI) is an autonomous institute of the Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India. THSTI is a part of the interdisciplinary Biotechnology Science Cluster at Faridabad, Haryana in the National Capital Region (NCR). The institution is a dynamic enterprise with a mission to conduct innovative translational research and to develop research collaborations across disciplines and professions to translate concepts into products to improve human health.
1. THSTI has built several inter-institutional collaborations and connectivity with industry supported by well-trained teams of research and laboratory staff. This foundation has helped pursuit of thematic research programmes which can be broadly categorized as, (a) Infectious diseases and Immunology (b) Maternal and child health, (c) Non communicable disease d) Multidisciplinary clinical and translational research. These are strengthened by the many core facilities viz. Small Animal Facility (which includes a Ferret facility), Data Management Center, Biorepository, Bioassay Laboratory, BSL-3 facility, Omics facility, Genome Sequencing facility, Computational and Mathematical Biology Center, etc that serve as huge resources for the research programmes of THSTI, and also the National Capital Region Biotech Science Cluster and other academic and industrial partners.
- b)** Applications are invited from leaders who are Indian nationals / persons with OCI status to fill up **two** positions of Dean. The actual number of positions that will be filled will depend upon identification of suitable candidates.
- c)** The Dean is expected to take on major programs that address issues of public health importance in India. The Dean will be the administrative head / mentor of the thematic research programs with additional supervisory responsibilities of academics / students affair / campus matters / international relationships / etc. The Dean of THSTI will report to the Executive Director. The detailed job profile of Dean may be seen at **Annexure I**

- v) Candidates must ensure that he / she fulfils all the eligibility criteria as stipulated in the advertisement. If it is found that he / she does not fulfil the stipulated criteria during the recruitment process, the candidature of the candidate will be cancelled. If the same is noticed after the appointment, the candidate will be terminated following due process.
- vi) Incomplete applications shall be summarily rejected and no correspondence in this regard shall be entertained.
- vii) In case of difficulty in filling up the online form, please send e-mail to personnel@thsti.res.in along with the screenshot of the error displayed (if any).

III Procedure for submitting nominations:

1. Nominations by distinguished experts will be considered, depending upon the merit and the area of expertise of the candidate.
2. CVs of nominated candidates may be sent by email to facultyrecruitment@thsti.res.in.
3. Nominated candidates are not required to pay any application fee.
4. Nominations should also enclose the documents mentioned at i(I) above
5. Nominated candidates are required to forward their nomination along with NOC from their current employer

Last date for submission of online application/nomination: 21st March 2023

(M. V. Santo)
Head-Administration

Job Profile of Dean (Clinical and Non Clinical Research) at the Translational Health Science and Technology Institute

Overall Profile

The Dean will have an overarching role of promoting clinical and translational research at THSTI. This leadership position has a mandate to generate new ideas, attract and nurture talent, shepherd cross-disciplinary programs and promote a vibrant research environment at THSTI.

What does THSTI expect ?

- Key role in catalyzing scientific programs across different domain areas
- Foster an environment that supports all aspects of clinical and translational research
- Establish and consolidate clinical and population research centres
- Develop a new generation of clinical and translational science researchers

The Dean (Clinical Research) will have a key role in facilitating medical research and augmenting scientific programs across different domain areas at THSTI. The Dean is expected to provide leadership by nurturing people, building cohesive teams, facilitating innovation, giving critical inputs in scientific matters and contributing to the overall visibility of the institute.

The Dean (Clinical Research) will be involved in clinical research such as interventional trial, challenge studies in the upcoming medical research centre

The emphasis would be on large multidisciplinary translational programs that can be initiated around important public health issues. The institute has ongoing cutting edge research projects in many thematic areas such as (i) understanding molecular mechanisms of infectious diseases, (ii) neonatal health and determinants of long-term health in adulthood, (iii) human microbiome in health and disease (iv) immunological basis of diseases, and (v) non-communicable diseases. The institute has an established population cohort which is being studied longitudinally for long-term outcomes. Thus, it offers opportunity for population level research.

What THST has to offer ?

1. Leadership position with great opportunity to change, improve and improvise the research ecosystem at THSTI
2. A vibrant atmosphere for basic, clinical and translational research
3. World-class facilities and support such as experimental animal facility, state-of-the-art biorepository, NABL accredited Bioassay lab and data science for continuing with his/her own research
4. Opportunity to utilize the on campus Bio incubator to engage with industry and float start-ups
5. Opportunity for national and international networking and recognition.
6. Opportunity to work with hospitals for interventional studies and population level cohorts
